

LAILA'S LEGACY

\$10,000 PARTNERSHIP

MISSION

We will ensure that every homeless dog - including those with behavioral or physical challenges - that comes through our doors has a chance at a better life while educating the public on breed bias, individualistic training, and the importance of spay-neuter to lower the impact of returned, rehomed, and abandoned animals in shelters across the United States.

OUR STORY & OUR STATS

Laila was an incredible dog but unfortunately had struggled around dogs. That combined with her size & local breed bias meant sometimes people were afraid of her. Our Co-Founder Ashe saw her true side though - she was goofy, smart, and a happy dog.

The rescue she was with received her during a disaster relief effort, unaware of her behavioral challenges. They did not have the resources to support Laila and couldn't find a suitable partner to take on her care. As a result she was euthanized for her behavioral challenges.

Laila's Legacy was founded to save dogs like Laila. Since our launch in May of 2023 we have accomplished quite a lot including:

- Saving 116 dogs and placing 72 into loving forever homes.
- Built our foster program to 100+ home
- Built our volunteer base to 300+ amazing supporters
- Build a newsletter following of 400 readers with an open rate of 80%.
- Organically grew our instagram to 1400 followers on Instagram with an average of 15% engagement on static posts.
